KERALA STATE CIVIL SERVICE ACADEMY

The need for establishing an academy for imparting effective coaching for Civil Service aspirants in the state was felt in the early nineties, as the representation of Keralites into the civil service was decreased considerably. On analysis, it was understood that this was mainly due to the absence of a quality coaching institute in Kerala which catered to the needs of the civil service aspirants. With the establishment of KSCSA in Thiruvananthapuram, a long-felt need of the civil service aspirants of the state was fulfilled. KSCSA, functioning under the administrative control of the Centre for Continuing Education Kerala, was established in 2005 with the primary objective "to provide quality coaching to civil service aspirants of the state at a relatively lesser cost". Ever since its inception, there has been a steady raise in the number of students entering the portals of this academy. The exceptional coaching imparted by our excellent and experienced faculty, coupled with a well-equipped library, are the chief features which make KSCSA the most sought-after destination in Kerala for civil service aspirants. Over the years, KSCSA has carved out a niche of its own as a centre of excellence in moulding young minds to reach top positions in union civil services. Currently, KSCSA has its presence in all 14 districts, and 11 of these centres are offering the Prelims cum Mains Batch programmes.

UPSC CIVIL SERVICE EXAMINATION

The Union Public Service Commission (UPSC) conducts the Civil Services Examination (CSE), a nationwide competitive examination for the recruitment of candidates to various prestigious civil services of the Government of India. The examination is structured into three successive stages:

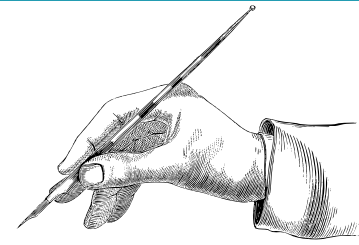

1. Preliminary Examination (Prelims)

The Preliminary Examination serves as the initial screening stage. It comprises two objective-type papers, both administered on the same day:

- Paper I- General Studies (GS): This paper carries 200 marks and evaluates candidates' general awareness and knowledge across a range of subjects, including, but not limited to, history, geography, political science, economics, and current events.
- Paper II- Civil Services Aptitude Test (CSAT): Also carrying 200 marks, this paper is qualifying in nature, requiring candidates to achieve a minimum mark of 33%. It assesses reasoning, comprehension, and quantitative aptitude skills.

It is important to note that the scores obtained in the Preliminary Examination are not considered in the final merit ranking; however, successful completion of this stage is a prerequisite for advancing to the Main Examination.

2. Main Examination (Mains)

The Main Examination is a descriptive examination conducted over a period of approximately 5-7 days. It consists of nine papers:

➤ Qualifying Papers:

- Paper A: Compulsory Indian Language (300 marks)
- Paper B: English (300 marks)

➤ Candidates are required to achieve the minimum qualifying marks in these papers, but these scores are not considered for the final merit calculation.

➤ Papers Counted for Merit:

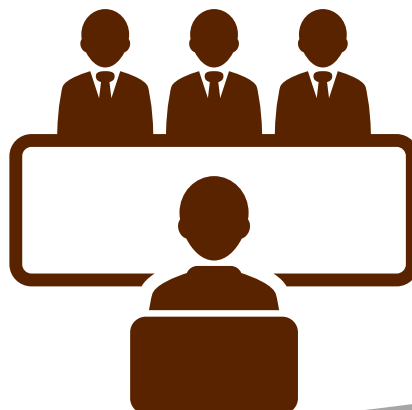

- Paper I: Essay (250 marks)
- Paper II: General Studies I (Indian Heritage and Culture, History and Geography of the World and Society) (250 marks)
- Paper III: General Studies II (Governance, Constitution, Polity, Social Justice, and International Relations) (250 marks)
- Paper IV: General Studies III (Technology, Economic Development, Biodiversity, Environment, Security and Disaster Management) (250 marks)
- Paper V: General Studies IV (Ethics, Integrity and Aptitude) (250 marks)
- Papers VI and VII: Optional Subject. Candidates are required to select one subject from the list of optional subjects prescribed by the UPSC. There are two papers for the chosen optional subject (250 marks each).

The written component of the Main Examination carries a total of 1750 marks.

3. Personality Test (Interview)

Candidates who achieve the qualifying standards in the Main Examination are invited to appear for the Personality Test, which is conducted by UPSC. This stage aims to evaluate candidates' personality traits, communication skills, mental alertness, leadership potential and overall suitability for a career in the civil services. The Personality Test carries 275 marks.

The final selection and merit ranking of candidates are determined by the cumulative scores obtained in the Main Examination (written component) and the Personality Test, with a total score of 2025.
